

As listeners and financial supporters of KLOVE radio FM 93.1 in San Antonio, TX., we are extremely concerned that we may lose this station because of a possible ruling that would allow LPFM to have priority over FM translators.

This station is vitally important to us and to our community. It is one of the very few stations that promote strong family values, wholesome listening music and programming.

It serves our community with a positive message and encouraging words as it does in all the communities it serves.

There are an abundance of hardrock, rock, pop, country, talk, jazz and classical stations to serve those who prefer that type of radio. There are very few Christian stations that serve those of us who prefer to listen to a station that gives hope, comfort, that influence us to care for others, to help and in so many other positive, life enhancing ways.

With all the terrible things that are happening in our country and in the world, there is an absolute need for a radio station that is a significant source of hope. One that promotes positive values, one that encourages us to care for others.

We urge you not to allow LPFM to take away our KLOVE station. Those who advocate the LPFM and feel there is little value in national or regional services are very, very WRONG.

Thank you for listening to us and we pray that you will adhere to the voice of us and others who listen to KLOVE and other Christian stations that transmit on FM translators.
